

Refund Policy
For
Mindbridge Foundation
10/4/2006

For all Mindbridge Foundation events and activities there will only be refunds in the case of an emergency as decided by the current convention committee, registration department head or person/people in charge of said event or activity. A refund will only occur if a written request is received by the aforementioned person/people by 3 days after the preregistration deadline has occurred.

If a written request is received by the current convention committee, registration department head or person/people in charge of said event or activity asking to forward a paid membership to the next calendar year for the same event and is received by 3 days after the preregistration deadline has occurred that membership will be forwarded to the next year's event free of charge. This will not happen a second time and should be confirmed with the next year's current convention committee, registration department head or person/people in charge of said event or activity.

These refunds and forwarding of memberships apply only to personal memberships and there will be no refunds or forwarding of products/services or any other memberships such as dealer memberships or complimentary memberships to guests.

This policy was approved by the Mindbridge Foundation membership and takes effect for all Mindbridge Foundation events and activities effective 10/31/2006.
